## Parents Vow To Work For School Tax Increase

By DEBBIE N. LEE  
Staff Reporter

With most of those still in attendance at the end of the Thursday night meeting vowing to work for an increase in the school tax on property, the Murray Independent School Board adjourned an almost five-hour-long meeting.

Approximately 150 parents, teachers

and students attended the meeting, held in the Murray Middle School auditorium, to register their protests of the contract non-renewal of John Goode, one of the three instrumental music instructors in the system.

The board voted at its April 3 meeting to send letters of non-renewal to seven members of the certified staff, or faculty, including Goode.

Since that time, members of the band boosters, an organization of parents of the students in the band program, and band members have sought to get the board to reconsider its decision not to rehire Goode.

Board chairman Don Henry kicked off the discussion by explaining the two ways in which public schools in Kentucky are funded — by the state

foundation program and the local school tax on property.

Henry noted that the salaries of 88 teachers, the number allotted to the 1,681 students in the system, are paid by the foundation program. The system pays the salaries of 14.7 more teachers, making a total of 102.7 teachers, through the local property tax. (The fractional number of teachers is

because of part-time loads for some of the staff.)

The chairman gave several factors that contributed to the board's decision to make the staff cuts. The factors outlined by Henry were:

- the declining enrollment systemwide due in part to the enrollment leveling of Murray State University.

- the lower birth rate, and the lack of industries locating in Murray.

- the tightening of the non-resident pupil contract policy of the Calloway County Board of Education, adopted in March, which will limit the number of county district students attending the city schools.

- inflation.

- government regulations, such as the mandate that school systems must now carry unemployment insurance with no provision for its funding.

- House Bill 44, which limits funding for small school districts.

"We feel good about the direction of the system," Henry said. "Our student-teacher ratio is probably in the top four or five in the state. And the extra programs we have, such as instrumental and choral music, art, speech and reading, are why we maintain 14.7 teachers above foundation."

Following Henry's presentation, Art Jewell, former president of the band boosters, challenged the board to answer a list of nine questions which had been prepared by the band parents and submitted last week to the board members for their study and consideration prior to the meeting.

The questions dealt with the staff reductions and the cut in the budget allotment to the band, as well as the contribution of the band program to the overall excellence of the system.

Several parents and students asked the board why it appeared that less emphasis was now being placed on a program which had brought national recognition to the city. The Murray High Band won the National Marching Band championship in 1977.

Several parents also attested to the responsibility and sense of pride that the program had instilled in their children.

One parent, John O'Brien, said that his concern was that so many parents had made a large financial investment in instruments, uniforms, trips and money-making projects and feared now that their investment would be lost if the band program underwent the staff reduction.

Paul Kurz, another parent, said that he had calculated that approximately \$37,000 had been pumped into the

program in one year through money-making projects by the students and band boosters. He claimed that figure showed the city's support of the program was roughly equal to last year's band budget allotted by the board, \$45,000.

Superintendent Robert Glin Jeffrey read letters from the Music Department of the Murray Woman's Club, the Murray High School Band, and Sherry Crafton, sophomore band officer, opposing the elimination of the third band director.

A letter from Kaye Peebles, Murray Middle School teacher, was also read. Mrs. Peebles' letter pointed out that cuts had been made in other educational programs, not only the band program.

Jeffrey told those assembled that if cuts were not made now in the system's operating budget, then it was possible

SECRETARY OF THE YEAR — Doris Rowland, CSA, (left) was honored by the Murray Chapter of the National Secretaries Association Thursday as 1979's 'Secretary of the Year.' Making the presentation is Anita Thomas, the 1978 recipient of the award.

BOSS OF THE YEAR — H. Glenn Doran, right, was honored by the Murray Chapter of the National Secretaries Association Thursday as 1979's 'Boss of the Year.' Making the presentation is Doran's secretary, Annie Nance, who was Secretary of the Year in 1977.

## Doris Rowland, H. Glenn Doran, Honored As Murray's Secretary, Boss Of The Year

Doris Rowland, CPS, was named "1979 Secretary of the Year" and H. Glenn Doran was named "1979 Boss of the Year" at the eighth annual Executive Night Banquet held Thursday by the Murray Chapter of the National Secretaries Association (International). The banquet was held at the conference room of the North Branch of Bank of Murray.

Miss Rowland is secretary to William A. Boyd, president of the Peoples Bank who was "boss of the year" in 1976. Doran is chief executive officer and chairman of the board of Peoples Bank of Murray.

Prior to joining the Peoples Bank staff in 1973, Miss Rowland worked at Western Kentucky Stages, Inc. (now known as Brooks Bus Lines) of Murray. She worked for the firm for 20 years as secretary to the general manager.

A Certified Professional Secretary (CPS) and a charter member of the Murray chapter, Miss Rowland has served on numerous NSA committees as either chairman or member at both the state and local levels. She has served as treasurer of the Murray chapter for two years and as president-elect for one year. She will be installed as chapter president at the May

meeting of the Murray organization.

A member and past president of the Business and Professional Women's Club, Miss Rowland was recognized by the local B&PW as the "Business Woman of the Year" in 1968.

Miss Rowland represents the Peoples Bank and the Murray chapter of NSA on numerous occasions by speaking at various club and group meetings. As a member of B&PW, she sponsored a public speaking clinic.

The daughter of Mr. and Mrs. Carl Rowland of Murray, she is a graduate of Murray High School, Draughon's Business College of Paducah, the Dale Carnegie course and has attended Murray State University where she completed both the CPS Review I and Review II courses, passing the entire CPS examination in one sitting in May of 1977.

Doran has served in an executive position in the banking business in

Murray for the past 29 years.

In addition to his position with Peoples Bank, Doran is presently serving as chairman of the board of a banking institution in Eddyville; on the board of directors of banks in Calvert City and Grand Rivers; on the board of directors of and president of an investment company which owns and operates various commercial

## Airport Improvements Reviewed By Board

Three officials from the Kentucky Division of Aeronautics (KDA) were the guests and reviewed projected improvements of the Murray-Calloway County Airport Thursday night at the airport board meeting at the Murray Holiday Inn.

Edward LaFontaine, director of KDA; Dave Balch, airport development chief engineer and Sandy Pullen, administrative assistant to the director, were present at the meeting.

Dr. Hugh L. Oakley, chairman of the airport board, presented the projected airport improvements in the priority determined by the board members. The

improvements and estimated costs are a two-inch overlay for the runway and related areas, \$160,000; a tee hangar with 10 units, \$75,000; official weather observer certification equipment, \$2,000; apron expansion, \$19,500; navigational aids, \$40,000; partial parallel taxiway adjacent to Runway 5 with stubs connecting to the runway and two taxiways connecting parallel taxiway to tee hangar area, \$100,000; enlargement of the terminal building, \$7,500 and a maintenance hangar, \$17,000.

LaFontaine stated that the Federal Flight Administration would have a low

profile on the overlay. His reason was that an overlay does not strengthen a runway, it just protects what is there. He said that the tee hangar would be a good top priority.

Oakley commented that the board felt the overlay was the most important item, however he said that depending on the feasibility of funding, it might not be the first item received.

Pullen reviewed the some of the improvements and possible means of funding them. She said that the overlay could be funded by the Airport Development Aid Program (ADAP); the tee hangar by a loan fund grant; the weather equipment on a 50-50 basis; apron expansion by ADAP; navigational aids on a 50-50 basis; parallel taxiway by ADAP. No definite source of funding was decided upon.

The board members also reviewed the airport master plan development

stages. Stage one was started in 1973 and was ended in 1978. Items in the plan included land acquisition for clear zone; airport development of medium intensity runway lighting, 36-inch rotating beacon, non-directional radio beacon, apron expansion and a 10-unit tee hangar, all which were accomplished; and development of the partial parallel taxiway.

Stage two began in 1978 and will extend to 1988. Items include extension of parallel taxiway to 4,000 feet; extension of runway to 5,000 feet, which has been done; widen runway to 100 feet and strengthen to accommodate 30,000 gross wheel loads and addition of second 10-unit tee hangar.

Stage three, proposed from 1988 to 1993, will include extension of parallel taxiway to 5,000 feet; construction of two apron areas 250 feet by 300 feet; construction of two clear span hangars each 100 feet by 100 feet and addition of a third ten-unit tee hangar.

## Council Approves 1978 Audit; Discusses Other City Business

The year 1978 was a "good year" revenue-wise for the city of Murray, Kenneth Goode, CPA told the Murray Common Council Thursday pointing out that revenues for the year were up some \$340,000 over the previous year.

Goode, an accountant with the firm of Shackelford, Goode and Thurman which audited the city's general fund and other various accounts, was quick to point out, however, that the city's expenses were up some \$400,000 over the previous year.

"Almost all the various expense categories were up with the exception of the police department," Goode told the council, in presenting the audit.

One of the major areas of increase from 1977 to 1978 was in fringe benefits for city employees — general insurance, hospitalization insurance, social security, workman's compensation and retirement programs.

Mayor Melvin B. Henley pointed out that these items cost the city almost \$40,000 more in 1978 than they did in 1977.

The drop in general fund expenses in the police department — almost \$17,000 — was attributed to a much greater share of police salaries being paid from revenue sharing funds. Total police

salaries were up over \$17,000 in 1978 but due to the increased amount of federal funds utilized, the city's general fund share dropped by almost \$12,000.

Other areas which reflected a significant increase from 1977 to 1978 were:

Street Department — Up from \$117,116 to \$324,854. The main difference between the years was that in 1978 \$168,652 worth of paving was paid through the street department's budget while in 1977, all paving monies (state municipal aid tax and revenue sharing) were not included in the street department figures.

Sanitation Department — Up slightly more than \$100,000 with \$97,955 of that amount attributed to the purchase of two new packer trucks and other miscellaneous equipment.

Also Thursday, the council was advised by City Clerk Jo Crass that the city's hiring procedures needed changing to meet federal equal opportunity standards.

Mrs. Crass, who has recently returned from an EEO workshop, told the council that if the city should be found to be discriminating against minorities in its hiring practices, it

stands the chance of losing federal funds.

In other business, the council:

- Authorized Mayor Henley to sign a promissory note allowing the purchase of a natural gas well by the Murray Natural Gas System. Final papers on the transaction for the well, which contains some 497,000 mcf (thousand cubic feet) of natural gas, are expected to be signed May-1, according to Supt. Tommy Marshall.

- Approved the drawing of an ordinance changing the zoning of certain tracts in the North Hills subdivision from commercial to residential use. City planner Steve Zea pointed out to the council that the city should not accept the streets in the subdivision until they are brought up to standards.

- Enacted an ordinance changing the method of pay for city council members from \$15 to meeting to \$400 per year, payable quarterly, beginning Jan. 1, 1980.
- Discussed regulations governing the use of the city landfill and authorized copies of the rules to be mailed to all city residents along with the notice of water quality that will be included in municipal utility bills at the end of this month.

### chance of showers

Partly cloudy with a chance for showers tonight. Lows in the upper 30s to low 40s. Mostly sunny and continued cool Saturday. Highs in the upper 50s to low 60s.

Kentucky's extended weather outlook for Sunday through Tuesday calls for variable cloudiness through the period with a warming trend. A slight change for a few showers Monday night.

## Candidate States Three 'In Race' For Governor

"It's getting to the point where people are starting to make up their minds. They were wanting to see who would drop out and now that the race is narrowing down, it looks like it (the remaining candidates) will be Thelma Stovall, Terry McBrayer and George Atkins," Atkins commented Thursday.

The Democratic gubernatorial was in Murray for an organizational meeting with his Calloway County supporters.

In summing up who he said were the only candidates in the race, Atkins continued by stating that the state machine was supporting McBrayer, that Stovall's strength was weakening and that he considered himself an independent candidate who had made it on his own and did not have to answer to anyone.

Atkins stated that he welcomed having millionaire businessman John Y. Brown Jr. in race. "John Y. just about takes Harvey (Sloane) out of the

picture and he hurts McBrayer."

The state auditor and former mayor of Hopkinsville added that Brown's businessman approach to the governor's office probably would not work.

"If he was elected, it would be a learning process for him. It would be like me trying to run Kentucky Fried Chicken in just 60 days," Atkins said.

The most critical issue in the campaign would be voters asking "who do I trust?", according to Atkins. He added that he feels confident of his stand with the people because he "has evaluated state government for the last three and one-half years."

His philosophy of government will be to "try and cut waste in government through his evaluations."

In addition to cutting waste, Atkins said two primary concerns are education and rural roads. He added that the rural "get-to-it roads" that are most heavily traveled in the state will receive priority in his administration.

## Registration For Learn To Swim Program Scheduled

Registration for the Red Cross Summer Learn To Swim Program begins Tuesday, May 1, in the first floor lobby of the Calloway County Courthouse. Times for registration will be 8:30 a.m. to 11:30 a.m. and 12:30 p.m. to 4:30 p.m. Sign up will continue until all classes are filled. A basic registration fee of \$5.00 per student will be charged.

The tentative schedule includes five sessions with the first one beginning June 4 and the last one ending Aug. 17. Classes will be offered in the following categories: special classes for both children and adults, parents and tots, parent and pre-school, beginners, advanced beginners, and adult beginner.

Mrs. Joyce Betsworth, swim program director, will be in charge of registration and the entire program for the summer.

"We are making every effort to provide lessons for as large a number of Calloway County residents as possible," a spokesman said.

"Each year we have received more requests for enrollment than we can accommodate," the spokesman added. "If we have a large volunteer group of workers to assist the instructors we would be able to enroll more children."

Anyone interested in volunteer work may sign up during the time of registration or by calling the Red Cross office at 753-1421.

To create an illusion cosmetically is to make facial features appear other than they actually are by the use of contouring with highlighting, shadowing, and with color. Contouring can be used two ways—creative or corrective. Creative use of highlighting, shadowing and color attracts attention and plays up good features. Corrective use of the same products tends to draw attention away from less attractive features with highlighting.

### Rare blood condition

Lawrence E. Lamb, M.D.

DEAR DR. LAMB — I have a multiple anemia. The bones don't make blood and my doctor has tried medicines but it doesn't work. The only way to build up my blood is to take transfusions. My blood is extremely low and I have difficulty in walking. My thighs and hips are sore and hurt. Is there any cure for this? I have a mild heart condition and take medicines for that. I'm 78 years old and live alone.

DEAR READER — The condition you have is reasonably uncommon. In adults the major source of our blood cells is from the bone marrow. Sometimes it quits functioning and doesn't replace the cells that our body destroys regularly. Each one of your red cells has an average life span of only 120 days.

There are so many red cells in the blood that to replace these as they are destroyed, your bone marrow has to manufacture three million new red cells each second. You have so many tiny red cells in your blood that if you measured the surface area it would represent an area of 40,000 square feet.

We tend to take all these things for granted and are only aware of what enormous changes are occurring in our body when some balance is disturbed. There are many reasons why the bone marrow may stop producing enough blood cells to maintain a proper balance.

The bone marrow can be replaced with tumor growth. It can stop functioning because of the toxic response to medicines. Many common medicines can cause this in a few susceptible individuals. There is a long list of chemicals which can induce it also. Finding out which medicine or chemical may have precipitated such a response literally requires a Sherlock Holmes.

Then, of course, your body has to have adequate nutrients to stimulate production. Pernicious anemia is caused by an inadequate amount of vitamin B-12 which is essential to the formation of the new red blood cell. In some people the chronic loss of small amounts of blood, for example, caused by bleeding from the digestive tract, may exhaust the bone marrow's ability to form cells. In its exhausted state, it's unable to respond adequately.

I am sending you The Health Letter number 4-3, Understanding The Anemias. It will explain to you the delicate balance between the formation of red blood cells and the destruction of the cells plus all the different things that can affect this balance. Other readers who want this issue can send 50 cents with a long, stamped, self-addressed envelope for it. Send your request to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

As you see, the proper treatment of your blood cell. A mother who smokes during pregnancy increases the risk of miscarriage, fetal distress, premature birth and low birthweight, according to the National Foundation-March of Dimes. Low birthweight is twice as common when a mother smokes during pregnancy as among non-smokers.

balance mechanism depends entirely on what has caused it. In many instances medicines are very helpful in correcting the problem. In others, treatment is exceptionally difficult and blood transfusions may be the only immediate method of providing adequate support.

Because of many of the true miracles that are accomplished in medicine, I sometimes think that the general public believes that all medical problems can be cured and that the cure should be simple, immediate and cheap. Unfortunately, that's just not the fact of life.

### Growing Roses—Giving Roses, Hobbies Of Crisp And Lawson

Giving flowers while you're living might be the quotation from two retirees here. One of them, Dwight Crisp, called me this week to tell me that he had rooted rose cuttings and had some for me. Even though he had 75 cuttings ready for transplanting, I took only two. I knew that I was going to have trouble getting them planted. Had I known that granddaughter, Debbie Landolt, would so willingly set them out, I might have taken another one.

Dwight retired from a national Boy Scout Executive office in Binghamton, N.Y. in 1966 and he and his wife, Marie, returned to his native home here. He had spent 28 years in this work after he had taught school 14 years. He began teaching in Calloway, then taught in Hickman County and Marshall County and was principal of Heath High School in McCracken County five years before going into the Boy Scout program.

Dwight and Marie reside at their pretty home at 1001 Fairlane Drive. Besides roses, he grows other flowers and shrubs that enhance his place. From the 30 rose bushes he had last year, he got cuttings and rooted 75 of them.

His home and the flower garden are located on the "old fairground." He says the soil is of clay - the best type to grow roses in. "It's no trouble to root roses. A screwdriver is my only tool. I punch a hole in the hard ground, place the cutting in it and press the ground around it." If the cutting is on the south side of a building, there is no need of covering it. But for other locations exposed to the winter winds, he cuts the bottom out of a plastic half gallon milk container and turns it over the planting. He leaves the top of the milk container off so air can circulate.

Mr. Crisp has other interests. He and Marie, also a teacher, are bridge players and enjoy visiting and entertaining. They have three children. Michael Palo Alto, Calif., is a vice president of a company that publishes college text books and is with the Science Research Associates. A daughter Ann

(Mrs. Neal Demaree) is in Charleston, S.C. Nancy (Mrs. Gene Hendon) is in Germany where Col. Hendon is a dental specialist with the Air Force.

+++  
Maybe you will want to drive to the home of L.C. Lawson on the corner of North Fifth and Olive streets. There in his back yard are 218 rose bushes - all but 40 of them have been planted this spring. He started this rose project about two years ago when he and Mrs. Lawson retired and came to Murray, her native home. She was Jewell Young. He has 25 rose bushes in the containers in which they came that are on the ground and will not be planted. He uses these to experiment on. He tries various sprays and fertilizers. The successful things, he will use on the plants in the ground.

He orders his plants from Melvind Byant, Company, rose specialists, Mentor, Ohio. He has one rose each of all the company sells. He believes in following instructions whether it be in how to plant, spray or feed. He uses an electric one-and-half gallon spray that makes a fog that sprays for insects. Mr. Lawson says he can spray all of his plants in five minutes. The spray he uses, he buys at local stores is Isola by Ortho. This is an insecticide-fertilizer.

No fertilizer is used until after the first blooms. None is used at planting time, he says. Only peatmoss is best. Fertilizer he uses is the 10-10-10 variety that may be bought here.

What does he do with the blossoms? He expects to have 1000 roses blooming at a time this summer. Mrs. Lawson takes over in this department, he says. She cuts them and furnishes the two nursing homes with fresh bouquets and gives some to the church he is associated with.

He has a bird bath in his garden as well as feeders. These attract the birds and they help take care of insects. Aphids on roses are "the boggermen" he says. He, too, has heard that planting marigolds in the rose bed will keep them away.

Mr. Lawson is a retired Church of Christ minister and last served in Greenwood, Miss. However, he is serving the Friendship Church of Christ, and teaches a Tuesday morning Bible class here at the Seventh and Poplar Church.

The Lawsons have three daughters and eight grandchildren. Mrs. Janet Reeves is a medical technician in the Baptist Hospital, Memphis. Mrs. Gloria Jean Phillips teaches in Memphis, and Mrs. Joan Bell, a medical librarian, lives in Huntsville, Ala.

Mr. and Mrs. Lawson would be pleased to have anyone stop and visit them and their roses, and come summer, visitors would be given blossoms, fresh from the garden.

### Feagin And Suiter Wedding On June 8

Miss Marylan Feagin and Gary Suiter

Mr. and Mrs. Roscoe Feagin of Alto Route 1 announce the engagement and approaching marriage of their daughter, Marylan, to Gary Suiter, son of Mr. and Mrs. Ovid Suiter of Murray Route 2.

Miss Feagin is the granddaughter of the late Mr. and Mrs. Thomas Feagin and the late Mr. and Mrs. Mabra Travis. She is a graduate of Calloway County High School and is employed at Roses Department Store.

Mr. Suiter is the grandson of the late Mr. and Mrs. Eulous Suiter and the late Mr. and Mrs. Robert Crouse. He is a graduate of Calloway County High School and Murray State University, and is now employed at Fisher Price Toys.

The wedding will be solemnized on Friday, June 8, at 7:30 p.m. at the Spring Creek Baptist Church. A reception will follow at the home of the bride-elect's parents.

All friends and relatives are invited to attend the wedding and the reception.

### Swim Team Meeting Is Planned At The Cheri

The Murray-Calloway County Swim Team Association will hold a meeting on Saturday, April 28, at 1:30 p.m. at the Cheri Theatre, Chestnut Street, for the purpose of signing up and acquainting those interested in the swim team program.

The only requirement to become a team member is that each swimmer be able to swim the length of the pool, approximately 25 meters. The minimum age is six years.

An addition to the program this year will be a swim clinic to be held on the Murray State University campus, June 10 to 15, with an outstanding coaching staff, a spokesman said.

A Swim Clinic scholarship valued at \$54 will be given away at Saturday's meeting. For further information persons may call 753-7878.

### How To Wield A Diner's Club

DEAR ABBY: STAN, who complained a lot in restaurants, may have gone overboard but he had the right idea. He had a habit of sending back food that was either overcooked, cold, smelled "funny" or wasn't what he ordered. And if the service was poor he left no tip and complained to the management.

Stan also carried a little battery operated fan to blow smoke back into the faces of people who smoked while he was eating.

With the prices one has to pay in restaurants today, we should demand top quality food and first-class service. It is our willingness to accept mediocrity that makes for sloppy service, bad food and shoddy merchandise in general.

As for Stan's little fan, he should be congratulated for having the courage to give those inconsiderate bores a taste of their own pollution.

You probably think I'm just another cheap, demanding, hard-to-please klutz like Stan, but I'm not. I'm one of the millions of weak, gutless wonders of the world who gets ignored, pushed around and walked over while continuing to overtip for second-rate service because I never had the guts not to.

NO GUTS IN FARMINGTON

DEAR NO GUTS: It takes a lot of guts to admit you've got no guts. So you may be a gutsier klutz than you think you are.

DEAR ABBY: Do you believe that only the good die young?

RUPERT IN TORONTO

DEAR RUPERT: Not necessarily. I'm more inclined to believe that only the YOUNG die GOOD!

DEAR ABBY: A friend recently invited us to her home for a salad dinner. Every guest was asked to bring a salad as well as a going-away gift for a mutual friend who was moving.

When we arrived, there were no less than 75 people standing around. There was no place to sit. The guests were trying to juggle their plates in one hand and coffee cups in the other.

I am of the opinion that when you invite people to dinner you should provide them with a comfortable place to eat. This was a building contractor's home. Maybe they just wanted to show it off to as many people as possible. Or perhaps they wanted to round up as many gifts as they could.

I've had it. The next time they invite us, I'll say, "Thanks, but no thanks."

PASADENA, TEX.

DEAR PASADENA: How does that little ditty go? "Fool me once, shame on you. Fool me twice, shame on me."

Do you wish you had more friends? For the secret of popularity, get Abby's new booklet, "How To Be Popular: You're Never Too Young or Too Old." Send \$1 with a long, self-addressed, stamped (25 cents) envelope to Abby, 132 Lasky Drive, Beverly Hills, Calif. 90212.

### Mrs. Becky Nance Hostess For Meet

Mrs. Becky Nance opened her home for the April meeting of the Gladys Williamson Group of the Sinking Spring Baptist Church with Mrs. Lucretia Thompson reading the scripture and prayer calendar.

A discussion on "Ways The Body Grows Spiritually" was led by Mrs. Nance.

Plans for the spring banquet to be held May 11 at Kenlake Hotel were discussed.

The mission project for April by the group concerned the issue of reading the Bible on the radio.

The May 8th meeting at 7 p.m. at the church will be held with other WMU groups with the guest speaker to be the Rev. Ronnie Adams, pastor of the Poplar Spring Baptist Church, who will show slides of his mission tour in Guatemala.

Refreshments were served by Mrs. Nance to Mrs. Gail Turner, Mrs. Susie Cathey, Mrs. Laura Paschall, and Mrs. Thompson.

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

#### ARIES

(Mar. 21 to Apr. 19) ♈  
A planned get-together may have to be canceled because of extra work. Don't let worry affect health. Get proper rest.

#### TAURUS

(Apr. 20 to May 20) ♉  
Slight financial benefits may be gained now, but a romantic outing may not measure up to your expectations. Inwardly, you're disappointed.

#### GEMINI

(May 21 to June 20) ♊  
The needs of family members may cause you to cut short a social engagement. It's not the best time to invite others over.

#### CANCER

(June 21 to July 20) ♋  
An inner disappointment makes it hard for you to be the life of the party. Don't let depression or inhibited feelings take hold.

#### LEO

(July 23 to Aug. 22) ♌  
If traveling an unexpected expense could get you down. You may feel that the cost of keeping up with the Joneses is exorbitant.

#### VIRGO

(Aug. 23 to Sept. 22) ♍  
You may feel there's too much responsibility already on your shoulders for you to get further involved in a business venture.

#### LIBRA

(Sept. 23 to Oct. 22) ♎  
You finally get things worked out to your satisfaction, only to learn that your help is required elsewhere. Expect changes.

#### SCORPIO

(Oct. 23 to Nov. 21) ♏  
A friend can be rather persistent in asking for your help. What's more, you may feel that you can't say no to this request.

#### SAGITTARIUS

(Nov. 22 to Dec. 21) ♐  
Erratic behavior on the part of a loved one could get you down. Career obligations may conflict with entertainment plans.

#### CAPRICORN

(Dec. 22 to Jan. 19) ♑  
Don't worry yourself sick about a distant matter. Dwelling on romantic disappointments can spoil the potential joy of the present.

#### AQUARIUS

(Jan. 20 to Feb. 18) ♒  
Affectional matters are satisfactory to a point, but something happens to dampen your enthusiasm. Joint finances could be an issue.

#### PISCES

(Feb. 19 to Mar. 20) ♓  
A mate or close ally may disapprove of your spending habits. A new purchase may not be particularly agreeable. Avoid disputes.

YOU BORN TODAY are strong-willed and ambitious. Though you can succeed in business, your temperament inclines you to an intellectual field. Law, teaching, music, architecture, writing, and engineering are some of the vocations in which you'll find happiness. Creative, you're also attracted to the arts and can succeed as an actor or designer. Your best success comes with the development of a more flexible attitude towards life. Avoid stubbornness, laziness, and insistence on your own way.

### Sugar Substitute Saves Calories For American People

NEW YORK (AP) — Americans would consume more than 1.2 trillion extra calories each year if they did not have a sugar substitute to fall back on, according to a study conducted by the Calorie Control Council.

This would mean an additional 27,400 calories — or nearly eight pounds — a year for each of the 44 million consumers of saccharin aged 13 and over, reported the council, an association of manufacturers and suppliers of dietary food and beverages.

### Utility Hotline

THIS IS THE ERA of the hotline. You can call Frankfort toll-free to report welfare fraud or check bird migrations, or call Washington to report a dope pusher, defective car or wasteful bureaucrat.

And in some parts of Kentucky, customers of the nation's largest utility, TVA, occasionally get the opportunity to call the men who run it and ask them anything.

For an hour each month, one of TVA's directors mans the utility's toll-free "citizen action lines" to answer questions and listen to comments.

The action lines were set up seven months ago to give customers some place to go with a gripe.

IT'S A GOOD idea that Kentucky's new Energy Regulatory Commission might do well to pick up on. The ERC, which recently took over the major duties of the Public Service Commission, has indicated a desire to involve the public in its decision-making process.

A good first step would be to find out what's on the public's mind concerning utilities and utility rates. A hot-line could help do that.

## Letter To The Editor

### The Carter Administration's Straw Man

Dear Editor:

Webster's Encyclopedic Dictionary of the English Language defines a straw man in part as "a figure of a man shaped of straw," "used to disguise another man's activities," or "(an) argument set up so as to be readily defeated." President Carter's recent speech on energy, in my estimation, made such a figure out of the oil companies.

Through many years of tightly controlled legislation the various oil companies have had their prices "fixed" for them by the federal government. At the same time the automotive industry hasn't had any fixed prices. Everyone complains, but I have seen no fixing of prices at the many hamburger, fast, food chains, or any other food prices for that matter.

Steel goes up every year, several times a year-no controls. If a union wants to go up on their wages, it's like flashing the cross at Dracula, the Administration backs down to the union every time-even when supposedly "enforcing" voluntary price guidelines. (reference labor-management settlement three or four weeks ago-national media coverage) The unions demand more wages-the price of goods go up - it's a vicious, endless cycle-all except the oil companies and white and blue collar non-union labor. They're regulated, by the government, the first directly and the second indirectly. Now, who is getting ripped off?

I am, by no means, advocating more controls. On the contrary, we need the existing ones removed! The present administration and many of the past administrations (it's definitely an inherited problem) have shown themselves totally incapable of handling their own government business, much less anybody else's. Do you know of any business that continually operates, year after year, at a deficit and yearly, regardless of the leader in office, pronounces that the state of the Union is sound? I do not!

Proposition thirteen and other recent pending legislation points out that many Americans are fed up with the existing political economic philosophy that resides in Washington today. For these reasons I do not agree that the government should be allowed to collect a wind-fall profits tax from the oil companies. They would just mismanage and waste it like they do our income tax money. But, this is not the only reason.

In a recent article, James J. Kilpatrick, a syndicated columnist, pointed out that the oil companies "return on investment came to 13.9 percent in 1977 and about 14.3 percent in 1978. This compares with a 16 percent return last year for all manufacturing industries put together; it compares with 1977 returns of 16.9 for tobacco, products, 18.9 for soap and cosmetics, and 19.7 for drugs and medicines."

Simple math reveals that the oil companies are not at the top of the profits charts as the present Administration would have us believe. I do not see any straw men being made out of these other groups!

Prior to the American Civil War, Venango County, Pennsylvanians could skim petroleum from a creek branch of the Allegheny river. By August of 1859 oil was being drilled several hundred feet below American soil and was found in great abundance. Prices fluctuated with the market. Modern man is not so fortunate.

The oil is no longer at a few hundred feet of the surface. It is being found at ever increasing depths; starting at about 15,000 feet and going deeper; i.e. approaching and exceeding 3-5 miles deep into the earth. The technology needed to reach these depths has only been accomplished in recent years. The

costs are astronomical!

The effects of the oil depletion allowances on a "dry hole" at these depths, as compensating, are trivial at best. This is because the amount of world oil lessens, the likelihood of hitting dry holes increases. Recent evidence of this can be shown by the large number of dry holes compared to successes in the depths off our north eastern coast.

Let's face it! When the oil is gone, it's gone. We have to convert to other systems of energy and conserve while we are doing it. If we are to survive as a great nation, we need oil and we need it now, until we can convert to other sources. If this means higher prices at the gas pump and deregulation and allowing the oil companies to keep their profits so they can afford to take more chances and drill more wells-so be it! You can't drill a 3-5 mile deep hole on peanuts!

### The Story Of Calloway County

1822-1976 By Dorothy and Korby Jennings

Copyright, 1978

But a sour note created a howl among owners of 2,100 dogs in the county when Tax Assessor Broach levied a \$1 head tax in compliance with a new state law. Adding to the tax woes, the whole village of Murray was under a blanket blackout when the light company's generator went haywire, however patrons were assured the inconvenience was only temporary for within a week Mgr. Jim Banks would have the lights turned on. An expectant appointee to the city council and sharp critic of the private electric system announced his platform in charming early Murray style: "I freely express my views regarding municipal affairs demanding the attention of the city council, but never once will I let you know how I stand, how long I am going to stand, or how much it would take to get me off any particular stand. I want you to know that I do stand, and stand for something. Now I am standing." Politics hasn't changed in Murray!

Exciting events momentarily rallied the folks from despondency when a fire hit the freight office on a January night, originating in a dummy telegraph office, and spread across Railroad Avenue damaging the Fruitima & Co., prizerly and west across the tracks to the passenger depot before being controlled by volunteer firemen.

Occasional shots added to excitement. Three Farmington lads shot up Institute Street (Main) 4th Monday in January, before being ridden down by Sheriff Walter Holland who pistol whipped one of the lads resisting arrest.

In a copy of the Murray Gazette, Vol. III, No. 13, the original date of the newspaper in the county was Nov. 1, 1870, with J. N. Bolen as editor. Advertisers included McElrath & Boyd, Co., dry goods; W. O. Wear, harness; John Al Howlett, saloon; Fletcher & Ezell, Coldwater merchants; Wear & Melan, druggists; Blue Wells Distillery, operated by Shelton and Slaughter; Murray Institute with Henry Nold, president, and Orr & Stephenson, wagon makers and blacksmith.

A special session of the fiscal court, Calloway's governing body, was called by A. J. G. Wells, brother of Rainey, for the purpose of demanding the sheriff give an accounting of all funds collected during the previous year. The state legislature the past year had passed a law requiring the sheriff to disclose to the fiscal court all revenues collected. The accounting created a bit of a stir in Murray. In addition Judge Wells amended the special session, to inquire of the failure of magistrates to maintain roads in a passable manner. A requirement the judge observed that was covered by law. The importance of the issue cannot be overlooked, but the fulfillment of the provisions of the statutes was an utter impossibility. But the law is the law and Valentine's Day was officially observed throughout the state as Hangman Day when five persons were executed in counties over the state. Paradoxically, it was a mass action expression of "I Love You" in the Commonwealth. Never again has it occurred to that grisly extent.

Illinois and am becoming aware of an increased number of service stations which advertise "gasohol" instead of gasoline. I know nothing about gasohol but, if it will save me some money and not injure my car, I would try it. What can you tell me about it? — K.S.

The oil crunch in the U.S. has sparked renewed interest in gasohol (a nine-to-one mixture of gasoline and 200-proof grain alcohol).

The gasohol business is booming now in the Midwest, but whether the new fuel catches on nationwide depends in large part on subsidies from the federal government.

Some 500 filling stations (mostly in Iowa and Illinois) sold 6 million gallons of gasohol in January — up from 2.6 million gallons the previous month. Nebraska and Missouri plan to build gasohol plants to increase supply but, at the moment, the U.S. only has the capacity to supply 200 million gallons a year, which represents less than two-tenths of one percent of total gasoline demand.

Farmers favor gasohol because it is seen as a good way to use surplus corn and grain; the Iowa Corn Promotion Board, which expects to spend \$125,000 to boost the fuel, is distributing bumper stickers that read, "Pass Arabian Gas—Buy! Gasohol."

Motorists seem to be happy with the fuel's performance. Gasohol contains between two and four points more octane than gasoline, which helps eliminate "pinging."

Gasohol is competitive in price with premium unleaded gasoline. The ethanol necessary for the blend sells at the plant for more than twice as much as gasoline, but various tax advantages offset the difference. Iowa has knocked seven and six-tenths cents off state taxes, and Nebraska five cents. The National Energy Act also exempts gasohol from the four-cent federal tax on gasoline through 1984.

There is still some controversy over whether gasohol really saves energy. The chairman of the American

Petroleum Institute's Alcohol Fuels Task Force says that "it takes more energy to make alcohol than the alcohol contains." Others aren't sure. One Department of Energy spokesman said, "It depends on how you do your accounting — you can wind up with less energy out than in, or the other way around."

As far as savings to the consumer, do some comparative shopping and also check on your state's tax laws and leniencies concerning gasohol.

HEARTLINE: May an individual continue to receive an employee disability annuity from the Railroad Board if he does some work after it begins? — L.A.

It depends on the type of annuity he is receiving and the kind of work he does. No employee annuity is payable for any month the annuitant works for a railroad or for his last non-railroad employer. If he is receiving either a total or occupational disability annuity, his annuity is not payable for any month in which he earns more than \$200 in employment for hire or in self-employment, but the withheld payments will be restored if annual earnings are less than \$2,500. If he earns \$2,500 or more in any year, he loses one month's annuity for each \$200 earned over \$2,400, counting the last \$100 or more as \$200. However, he will not lose his annuity for any month in which he earns \$200 or less. He also may be assessed certain deductions as a penalty for failing to make timely reports of earnings. But, sometimes, earnings may raise a question about recovery from disability even if they amount to less than \$2,500 a year.

Annuity holders who have been found to do totally disabled are subject to additional restrictions. Work in nine months of one year, whether or not consecutive, will usually be sufficient to show that the individual is able to do some work. If so, the individual's annuity may be terminated or adjusted if the individual has recovered from disability.

## The More Excellent Way

I Corinthians 12:31-13:13

Chapter twelve teaches that each Christian is the recipient of a spiritual enablement or a capacity for specific service. These gifts are not bestowed for the gratification and glory of their recipients, but always for the glory of the Lord, the proclamation of the gospel, the salvation of the lost, the edification of the saved, and the extension of Christ's kingdom.

Chapter thirteen sets forth three important facts about love.

The Preeminence of Love

I Corinthians 13:1-3

The coveted gifts of eloquence, prophecy, wisdom, knowledge, faith, charity, and martyrdom are without value apart from love. True eloquence is the language, logic, and loftiness of speech set on fire by love. Prophecy, or the ability to interpret and declare the will of God, is useless noise without love. To understand mysteries — things once unknown but now revealed — is important, but to have love is greater. Knowledge, or information acquired, is good, but love is better. Charity, or benevolence, is profitless unless it is an outflow of love. Only love gives meaning and merit to martyrdom. True love adds great value to these desirable and highly-praised gifts.

The Properties of Love

I Corinthians 13:4-7

True love, which colors the thoughts, prompts the speech, and directs the actions of the Christian has both negative and positive properties. The negative properties are eight in number according to verses four to six. Love is not impatient. Being long-suffering, love is slow to resent and retaliate.

Love is not envious, causing its possessor to want to deprive another of something, but is without ill feeling toward another because of his success or prosperity. Love is not boastful, but is interested in the welfare of others. Love is not rude or discourteous, but strives to do good in a splendid manner. Love is not selfish, but seeks the welfare of others. Love is not easily provoked, causing one to give way to anger. Love is not resentful of slights, whether real or imaginary, but either ignores them, or gives as charitable an interpretation of them as possible. Love does not take pleasure in evil, or the fact that someone has fallen into sin. Five positive properties of love are set forth in verses six and seven. Love rejoices in truth, and especially when people accept it, live in conformity to it, and faithfully proclaim it. Love bears hardships and trials uncomplainingly, and with triumphant courage. Love enables one to avoid undue suspicion and believe the best instead of the worst about others, trusting implicitly in the promises of God. Love is hopeful in spite of adverse circumstances. And love endures, as is demonstrated by an aged mother waiting at the entrance of a penitentiary to take home with her a son who was soon to be released.

The Permanence of Love

I Corinthians 13:8-13

Love is not a passing emotion that exhilarates temporarily and then is soon gone, but it is permanent and imperishable. Love never fails. The time will never come when love will be replaced by a higher quality. Never will it cease to be, for love is eternal. Greater than faith or hope, love survives time, disaster, and death.

## Looking Back

### 10 Years Ago

Sgt. Roger Stephen Gordon, son of Mr. and Mrs. Roy Gordon, has been decorated with the U. S. Air Force Commendation Medal for meritorious service in Vietnam. His wife, Joyce, is the daughter of Mr. and Mrs. Eldridge Brandon.

Deaths reported include Elisha Clayton, 83.

The third annual Alpha Gamma Delta Faculty Basketball Game will be played April 30 in the Carr Health Building, Murray State University. Officials will be MSU President Harry Sparks and MSU Vice President Matt Sparkman.

Mr. and Mrs. D. T. (Buddy) Humphreys announce the engagement and approaching marriage of their daughter, Cynthia Sue, to Larry Thomas Ragsdale, son of Mr. and Mrs. James Albert Ragsdale.

Louis M. Wells has been elected to the vice presidency of the third year class of the Kirksville, Mo. College of Osteopathy and Surgery. He is married to the former Ann Douglas, daughter of Mr. and Mrs. Harold Douglas of Murray.

### 20 Years Ago

The Calloway County Bar Association will observe law day on May 1, the day that was designated by President Dwight D. Eisenhower for the nation.

The Rev. Alfred Harris, former minister of the Spring Creek Baptist Church, will be the speaker at the dedication services of the new Sunday School annex of the church, now debt free, at the church on Sunday.

New officers of the Murray Training School Parent-Teacher Association are Mrs. Frances Adams, Mrs. Bea Smith, Mrs. Jean Lindsey, Mrs. Hazel Ferguson, and Mrs. Pat Hodges.

## Bible Thought

There was a man sent from God, whose name was John. John 1:6.

Just as God sent someone ahead of Jesus to tell about Him, so he sends you and me after Him to do the same.

## Funny

### Funny World

In Burma, just about anybody except a lawyer can become a judge. A lawyer there is in a precarious position. He can even be convicted for defending the wrong party. A three-judge panel, in fact, recently sentenced a lawyer to six months in jail after the client he represented was sentenced to six months in prison. (Rangoon Kyemon)

## Becoming

Man has the illusion that at some point in life he will "arrive", that, suddenly, everything he wants in life will be his.  
This will never happen.  
It is true that we can set and achieve goals, but because we are constantly changing, the accomplishment of these goals is never as satisfying as we think it will be.  
Rather we should think of life as a process of becoming. We are never all we could be but we are always moving in some direction for better or for worse. Therefore, it is important that we have a model of the person we want to become.  
There is no better model than Jesus Christ. His was the one perfect life, the one life worthy of imitation.

Study the life of Christ, read His teachings in the Bible and strive to become more like Him.

# 50-Year Class To Return To Murray State On Saturday

By L. J. HORTIN

What happened at Murray State Teachers College in the academic year of 1928-29 — 50 years ago? Dr. Rainey T. Wells was president and Dr. John Wesley Carr was dean of the thriving institution. They will be remembered especially by the Golden Anniversary Class at their reunion Saturday, April 28.

Members of the Board of Regents were: W.C. Bell, G.P. Thomas, Mrs. W.H. Mason, J.F. Wilson and G.P. Ordway.

The 1928 MSTC yearbook, "The Shield," was dedicated to Coach Carlisle Cutchin. He virtually "did it all" — directed athletics, coached baseball, basketball and football. The theme of the

now known as Oakhurst, was the home of Dr. and Mrs. Wells.

Clifton Thurman was editor-in-chief of the Shield, and Hillard Otey was the first student ever appointed as editor of the College News. The staff of the College News also included: Duke Mayfield, Novice Brown, Martha Kelly, Harry Heath, Lex May, Thomas Brantley, Rube Thursten, Forrest Pogue, F.G. Holland, Kathleen Pate, Oneita Welson, Anabel Waters and Journalism Instructor L. J. Horton.

Auburn Wells was president of the senior class, with Clyde Lassiter as vice-president and Mattie Lou Lockwood as secretary-treasurer. Dr. Herbert Drennon was sponsor.

John Miller was captain of the "Champion Thorobreds" football team in the fall of the 1928-29 school year. They won the Mississippi Valley conference championship — 10 victories and no defeats. The opening game was Southern Illinois University O-Murray Thorobreds O. Murray defeated Memphis State 40-0 and trampled Will Mayfield of Missouri 119-6.

It was a big year in athletics for the Miller brothers — Jim Miller was captain of the basketball team. He and John were stars in football, basketball and baseball. The basketball Thorobreds had a great season and fought their way to the final game in the conference tournament. Memphis State defeated the Murray Thorobreds 32-30 for the title.

Murray's first game was with the famous Olson's Nordics, called Olson's "Swedes." The young Kentucky team lost 46-42 in a thriller at Murray.

Baseball was also coached by Carlisle Cutchin and the 1929 team turned in a

creditable record. Walter "Bull" Wells was captain of the baseball Thorobreds. Other lettermen included Auburn Wells, John Miller,

was Catherine "Red" Wickliffe, and Hugh May was "Best All-Round Student in College."

The 1929 Yearbook lauded the 1929 girls' varsity basketball team as "Mississippi Valley Conference Champions." Miss Carrie Allison was coach, and Catherine Wickliffe was captain of the Lady Thorobreds, the first girls' varsity basketball team at Murray State.

Led by President Wells and Dean Carr, 60 members were listed in the Yearbook 50 years ago as "The Faculty."

They were: Eldon Aldred, Carrie Allison, Glenn C. Ashcraft, Mrs. Glenn C. Ashcraft, Margaret Bailey, Desiree Beale, Maryleona Bishop, William Ross Bourne, Zella Brown, John Burnham, Ralph Briggs, Donnye Clifton, W.J. Caplinger, W.M. Caudill, Margaret Campbell, Lillian Lee Clark, Carlisle Cutchin, J.B. Cummings, M.G. Carman, Herbert Drennon,

Ollie Depew, Mary Evelyn Eaves, Beatrice Frye, Constance Garrett, W.J. Gibson, James G. Glasgow, Verna Myrtle Goode, Cleo Gillis Hester, Ada T. Higgins, Charles Hire,

Lillian Hollowell, L.J. Horton, Anna Bell Holt, Gwendolyn Haynes, Emma Helm, R.A. Johnston, Evelyn Linn, Elizabeth Lovett, C.S. Lowry,

Bertie Manor, Naomi Maple, Reba Brown Miller, Garland A. Murphey, Virgie L. Nanny, Nadine Overall, Susan Pepper, Dixie Pellet, G.B. Pennebaker,

Sarah Pence, Stella Pennington, Charles C. Poole, J. Stanley Pullen, Ida G. Rees, Amelia Rohlfing, E.H. Smith, John S. Tarver, Bell M. Walker, Grace Wyatt, Nellie May Wyman, Annie H. Young.

Dr. Rainey T. Wells

Boyd Thurman, Jim Miller, Hugh May, Dwight Norman, Taylor Todd, Kermit Mitchell, and Jess Haynes. Complete records of the baseball teams in the early days are not available.

The year 1928-29 marked the beginning of varsity debating at Murray State. Members of the first team were: Miss Mabel Phillips, Miss Oneita Weldon, Waylon Rayburn, Forrest C. Pogue, Wells Overbey, Albert Greer, and Coach L.J. Horton. At the time the "Shield" went to press, the results were four victories, one defeat and one no-decision.

The College quartet included Stum Wells, Willie Harris, Harold Byrd, and Ben Thomas Cooper. In the men's glee club were several football stars — "Bull" Wells, Harland Brodie, and O.B. Springer. The "Most Popular Girl"

Dr. John Wesley Carr

yearbook was "Thorobreds," featuring the head of Man O' War on the front in gold, and engraved plates with the name "Thorobreds" at the top of most of the pages.

Wilson Hall was known as the "Library Building," and no building was older than five years — Administration Building (Wrather Hall), Wells Hall, Training School and Auditorium (Lovett Auditorium), "Edgewood,"

**GRUMMAN**

A quality name for years and years. Best known for their airplanes such as the Navy Hellcat and AgCat.

## IT'S FISHIN' TIME

Dogwoods are bloomin', Crappie are hungry, the lake is getting to the right level. Yes...It's Fishin' Time!!!

**GRUMMAN**

The Grumman name means quality, ask anyone that has owned a Grumman product from an airplane to a canoe.

*My good friend Bill Shaw over at Grumman Boats just came out with some great new models. We tried them out last week. Wish you were there.*

*Even in choppy water, their hard chine, shallow V-bottom gives a ride like velvet.*

*The enclosed gear lockers are a great place to hide sandwiches from a hungry retriever!*

*Spent some time fishing. The 3.8 sure was stable. There's room for lots of gear. And a friend!*

*Tried the level floatation. The kids were safe, and the engine still ran. A great idea!*

**The 3.8**

*They're a totally new concept in aluminum boats... roomy, light, virtually maintenance free. And they offer more sheer performance than anything else in their class.*

*We're flying! And it's something these Grumman's will do with a smaller motor (and less gas).*

*I'm in this one you can really see how roomy the 4.4 is.*

*Martha's not so hot on fishing. But she says it's great fun in a 4.4. (Thanks Grumman.)*

*The 4.4 will really move you. And a water skier too! I think Grumman has a couple of winners here.*

**The 4.4**

We have a dozen or so of these Grumman boats left at unbelievable low prices. For Example...3.8 with brand new 9.9 Evinrude and a brand new trailer for \$1,275.00.

Boat Only	3.8---\$475.00

## Laker Banquet Is Held

Both the boys and girls squads were honored during the Calloway County High School Basketball Banquet last night in the high school's cafeteria.

Ricky Garland was presented with the rebounding award by Coach Clayton Hargrove, and Scott Barrow was recognized as the best field-goal shooter.

Other Laker winners were Craig Rogers, defensive award; Kenny McCuiston, assist leader; David Cohoon, best free-throw shooter; Stan Rushing, hustle award; and Kenny Erwin, determination award.

Terry Paschall and the above seven all received letters.

Mira Todd and Rose Ross were named co-most valuable players for the First Region champion girls squad, which finished with a 20-4 won-lost record.

Other awards presented by Coach Marianne Davis were: Stephanie Wyatt, most hustle; Dawn Redden, leadership award; Mimi Winchester, best free-throw shooter; Melissa Miller, rebound award; and Kim Willie, most improved.

In addition to the above, other Lakers receiving letters were: Gena Hoke, Sherrie Miller, Mary Wagoner and Penny Overbey.

Murray State basketball Coach Ron Greene was the featured speaker.

Third baseman Robin Courtney's batting average has dropped from last year's team-leading mark of .344 to .253 this season, but that hasn't kept the 'Beds from winning. Murray was 21-8 heading into today's matchup with Southern Illinois, the nation's seventh-ranked team, in Carbondale.

## McCracken Signs With Murray

Janice Lee McCracken, a 5-5 point guard from Vincennes (Ind.) Junior College, has become the second recruit to sign a national letter of intent to play basketball for Murray State.

A second-team All-America selection, McCracken averaged 17.9 points a game in leading her squad to the finals of the National Junior College Athletic Association Region 12

Tournament.

As a freshman at Vincennes, McCracken pumped in 18.8 points a game. She was a starting guard on the East squad in the NJCAA All-Star game in Hutchinson, Kan., last March.

McCracken is a product of Vincennes Lincoln High School, where she set school records for most career points (879), most points in a single

season (503)

She has the experience and ability to be of immediate help to us," said Coach Jean Smith. The other Murray signee is

Diane Oakley, a 6-4 product of Crittenden County High School.

Goys Ink Thomas

CLARKSVILLE, Tenn. — Kevin Thomas, a 6-7 forward from Hiwassee Junior College in Madisonville, Tenn., has become Austin Peay's first basketball signee.

## Bring The Umpires Back

By the Associated Press  
NEW YORK — The umpires' strike has gone on long enough. Baseball is being hurt by a cheap image and by bad calls from well-meaning but not-quite-professional substitute ump.

### ANALYSIS

The problem is not money. Baseball drew over 40 million people last year. A few teams are in financial trouble, but most are doing well. What the umpires are asking would cost each team about \$20,000 a

year. It's peanuts, literally peanuts. The proceeds from a few concession stands.

The umpires are getting the heat from owners who want to present a tough front for upcoming negotiations with the players' union. These negotiations could cost them plenty. Marvin Miller and his players' association, are tipping the balance of power in the game and a lot of baseball people are understandably worried.

The owners have had their way for so long that they tend

to be very stubborn. The umpires may be a convenient target for a show of strength because of an attitude that nobody appreciates them anyway.

But the umpires are picking up a lot of sympathy. Anyone who travels in a job knows that you can't make it on \$53 a day expense money in major league cities.

Fortunately, there is a solution that will permit the umpires to be treated better and will allow the owners to save face.

All the owners have to do is cut out the free food and beer in the press box and use that money to pay umpires' salaries and expenses. The food and drink should be there but the news people could pay as they go.

Some teams already have cut out free items to the media. Some newspapers are refusing to take free food and beer. The Boston Globe, for instance, sends a check to the Red Sox every year for food and drink its writers have consumed in the Fenway Park press box.

This is a way of demonstrating that sports writers, long reputed to be freeloaders, are not. The argument in journalism is that

the city council doesn't feed the reporters for free, so why should the sports teams?

In the past, some baseball teams have given regular writers expensive gifts, including TV sets. This has been pretty much wiped out by a campaign within the media to improve standards of professional ethics.

The National Football League once passed out wrist watches to media people covering the Super Bowl. No more. Each gets an inexpensive carrying bag full of the brochures, statistics and other printed material he or she needs to cover Super Bowl week.

But football and baseball still spend many thousands of dollars winning and dining the press. This is incongruous when juxtaposed with the cheap attitude toward the umpires.

Under this solution, the owners might even save money as well as face. The umpires would be paid salaries and expenses commensurate with the professional (and thankless) nature of their jobs.

No reporter can be bought for a hot dog and a beer. But neither does he or she need such largesse from the people he or she is covering.

And baseball can get back to the business it is supposed to be in — entertaining people with a quality product.

## Hawks, 76ers Take Key Triumphs

By the Associated Press  
Defense was the difference as the no-name Atlanta Hawks and the big-name Philadelphia 76ers stayed alive in the National Basketball Association playoffs.

Both clubs were one loss away from elimination prior to Thursday night's games, but both postponed their summer vacations with lopsided victories in the Eastern Conference semifinals.

Steve Hawes and Eddie Johnson scored 12 points apiece in the second half as the scrappy Hawks beat the defending champion Washington Bullets 104-86 to even their best-of-seven series at three victories apiece. The deciding game will be played Sunday in Landover, Md.

"The most important thing in the game was defense," said Hawks Coach Hubie Brown. "It was absolutely great."

Meanwhile, at San Antonio, Julius Erving was shifted to

guard as Philadelphia Coach Billy Cunningham juggled his lineup to give musclemen Darryl Dawkins a start at center. The Doctor responded with 32 points, 24 of them in the second half, as the 76ers routed the Spurs 120-97.

The Sixers, who now trail 3-2 in the series, will attempt to draw even on their home court Sunday.

"Our defense was the key," said Sixers Coach Billy Cunningham. "They missed some good shots, but it had a lot to do with our defense."

In the Western Conference semifinals, the Phoenix Suns will attempt to close out their series with a victory over the Kansas City Kings tonight at Phoenix in a nationally televised game.

The Suns took a 3-1 lead in that series with a 108-94 victory at Kansas City Wednesday night, a game in which the Kings shot just 33 percent from the field.

The winner of that series will take on the Seattle SuperSonics, who eliminated

the Los Angeles Lakers 4-1 in the other West semifinal. If Phoenix wins tonight, that series would start on Sunday.

Atlanta went ahead to stay on a 12-foot jumper by Johnson that made it 35-33 midway through the second period. Hawes poured in 10 points during the third quarter and Johnson got 10 points in the final period as the Hawks pulled away from Washington.

Johnson and John Drew scored 22 points each for Atlanta and Hawes finished with 14 points and 14 rebounds. Washington's Elvin Hayes led all scorers with 24 points.

The Hawks feel they can knock off the defending champs on Sunday.

While Erving led Philadelphia's offense, the Sixers got a big boost on the defensive end from guard Maurice Cheeks, who limited NBA scoring champion George Gervin to four points over the first three periods and 13 overall.

The Spurs didn't score in the first 3½ minutes of the game,

got just 17 points in the first period and never caught up. The 76ers led by as many as 27 points in the final period.

Philadelphia reserve forward Steve Mix came off the bench to hit 21 points in the final three quarters. Cheeks added 18, Bobby Jones scored 16 and Caldwell Jones, who moved from center to forward to make room for Dawkins, had 10.

## Connors Bumps Roscoe Tanner

LAS VEGAS, Nev. — Jimmy Connors scored a 6-7, 6-3, 6-4 victory over Roscoe Tanner in the \$250,000 Alan King Tennis Classic.

Connors advanced to the semifinals against John McEnroe, who notched a 6-3, 6-3 victory over Johan Kriek.

In other matches, Bjorn Borg easily beat Tim Gullikson 6-2, 6-3 and Gene Mayer defeated Adriano Panatta of Italy 6-3, 6-4.

# Hitless Turned Hitters

## Trio Comes Alive, Propels Brewers To Sweep

By the Associated Press  
Call them the modern-day hitless wonders — Robin Yount, 1-for-29; Gorman Thomas, 0-for-24; Ben Oglivie, 1-for-31.

The three Milwaukee Musketeers broke their slumps with a vengeance Thursday night, collecting 12 hits in 25 at-bats with four doubles, three homers and nine RBI as the Brewers snapped a five-game losing streak by sweeping a 5-1, 7-5 doubleheader from the Detroit Tigers.

### AMERICAN LEAGUE

In a stroke of genius, Manager George Bamberger made Yount and Thomas the 1-2 hitters in the Brewers'

batting order and it paid off. Yount broke his slump with a three-run sixth-inning double in the nightcap and doubled home another run in a three-run eighth. Thomas, who homered in each game, followed with a decisive two-run single.

Including the doubleheader, there were only eight games on Thursday's major league schedule and two of them — the New York Yankees at Oakland and San Francisco at the New York Mets — were rained out.

In other games, the Boston Red Sox blanked the Seattle Mariners 2-0, the Baltimore Orioles downed the California Angels 4-2 and the Kansas City Royals nipped the Cleveland Indians 5-4.

The Brewers won their first game from Detroit as Cecil Cooper homered and Charlie Moore lined a two-run single in a three-run seventh-inning.

They loaded the bases in the sixth inning of the nightcap on Oglivie's fourth straight hit, a walk and a checked-swing pinch single by Larry Hise. Yount then doubled to score all three runners and give the Brewers a 4-3 lead. A walk and an error preceded Yount's RBI double in the eighth and Thomas followed with a two-run single.

Thomas' six hits were one more than he had all season and the free-swinging center fielder had struck out 18 times in 42 at-bats.

Red Sox 2, Mariners 0  
Bob Stanley scattered six singles and Rick Burleson delivered a two-run single in the third as the Red Sox won their seventh game in a row and extended Seattle's losing streak to a club record 11 games.

Boston ran its record to 12-4, matching its previous best effort for April. In 1971, the Red Sox were 12-7 in the first month.

Orioles 4, Angels 2  
Pinch hitter Lee May's tiebreaking single and Eddie Murray's sacrifice fly in the top of the ninth inning helped Baltimore record its eighth straight victory and hand the Angels their fourth consecutive setback.

## Richard Pitches Astros Past Cubs

By the Associated Press  
CHICAGO — J.R. Richard is different. Not merely because he is an awesome sight on the mound at 6-foot-8 and 237 pounds but, unlike most pitchers, he wants to be a complete player.

### NATIONAL LEAGUE

Richard improved his record to 4-0, hurling the Houston Astros to a 6-2 victory over the Chicago Cubs Thursday. But he had mixed emotions about having to leave the game after five innings because of a slight back strain.

Richard also helped his cause by slugging a home run into a 12-17 mph wind.

"I like to go nine innings all the time, and every game I start I even think about going 10 innings," said Richard. "It makes you work that much harder and your stamina that much stronger."

Richard attributed the best start of his baseball career to his consistency plus "the whole ball club is executing, moving runners along, doing the right things at the right time, which is what makes a winner."

The Astros-Cubs game was the only one played in the National League Thursday. The only other scheduled game, San Francisco at New York, was rained out.

## MSU Invitational Slated Saturday

Murray High and Calloway County will be among the 24 teams competing when the annual Murray State Invitational boys high school track meet gets underway tomorrow.

Other schools from Kentucky competing are: Trigg County, Elizabethtown, Hopkinsville, LaRue County, Paducah, Tilghman, Russellville, Union County, Daviess County, Owensboro, Apollo, North Hardin and Christian County.

From Tennessee: Mon-

gomery Central, Northwest (Clarksville), Clarksville, Memphis Trezvant, Memphis Central and Memphis Manassas.

From Illinois: Metropolis, Harrodsburg and Eldorado.

The field events will begin at 11 a.m. at Roy Stewart Stadium.

## Tennis Assn.

### Pairings Set

Pairings for the Murray Tennis Association's mixed doubles tournament this weekend have been announced. The tourney will be held at the Murray High tennis courts, and players should report Saturday morning 30 minutes prior to their match.

Three doubles teams — Hal Houston-Sally Crass, Matt Bartholomew-Edwina Simmons and Joey West-Penny Cappel — drew byes and will play at noon.

Times and pairings are:

9 a.m. — Bill Seale-Peggy Billington vs. Butch McElwain-Patricia Oakley; Bob Hopkins-Shelia Farmer vs. Larry Kelly-Cecelia Taylor; Eddie Hunt-Marx Roseman vs. Ken Harrell-Sue McNeary; Mansfield Farmer-Betty Joe Purdon vs. Frank Edwards-Andrea Hoganamp; Ken Hopkins-Shirley Homra vs. Charlie McKinney-Ann Bloom.

## Bartow Going After Tiehchu

**BIRMINGHAM, Ala.**  
 Coach Gene Bartow says he is trying to recruit a tall player from the First Army squad of China to play basketball for Alabama-Birmingham.  
 The player, Mu Tiehchu, 29, was listed as 7-foot-2 on the roster, but Bartow said Thursday, "People who saw big Mu and Wilt Chamberlain together said Mu was four inches taller."  
 Bartow admitted the chance of signing Mu is slim, but worth a try.  
 The coach took a U.S. team to China for an exhibition series last month. The squad won three games and lost two—both to Mu's team.  
 "Actually, it's not a matter of recruiting a player, but recruiting the Chinese government," Bartow explained.

## Bid Romps To Blue Grass Victory

By the Associated Press  
 LEXINGTON — The time was slow, the competition was non-existent, and Spectacular Bid was just playing around, but jockey Ronnie Franklin was happy and ready for the Kentucky Derby.

"I just hope Flying Paster (considered Spectacular Bid's main competitor for the Derby) is enough horse to pressure Spectacular Bid, because I'd like to see what he can do," said Franklin after Spectacular Bid easily won the \$121,550 Blue Grass Stakes Thursday at Keeneland.

"I know one thing, they

won't beat us in the Derby. If he's pressured enough in the Derby, I think he can break the track record."

The record is 1:59 2/5, set by Secretariat in winning the 1 1/4-mile Derby in 1973.

The Blue Grass time was an undistinguished 1:50 for the 1 1/4 miles, but Franklin said that once his colt got the lead on the backstretch, he "started loafing, just playing around and not leveling."

"I can run that fast," said trainer Bud Delp, but he added that he was satisfied with the race. "I'd like to have seen him go out stronger but I

can gallop him here tomorrow morning and compensate for that."

After crossing the finish seven lengths in front of Lot o' Gold, Spectacular Bid galloped out 1 1/4 miles in 2:07 3/5.

"He's smart and getting smarter every day," said Delp of Spectacular Bid's tendency to loaf on the lead. But he added he wasn't worried that this tendency might hurt him in the Derby.

Spectacular Bid will be vanned to Louisville on Saturday and will be on the Churchill Downs track Sun-

day. Delp said he did not know what his plans would be for the colt during the week leading up to the Derby.

The easy victory for Spectacular Bid, owned by Harry, Teresa and Tom Meyerhoff, was his 10th straight, including five this year. The first-place money of \$79,657 boosted his 1979 earnings to \$345,153 and his career bankroll to \$729,637.

A crowd of 19,235 on a cold, windy day, saw Spectacular Bid take the lead from Lot o' Gold, ridden by Darrel McHargue.

## Little Hope Offered For Price Surge End

By EILEEN ALT POWELL  
Associated Press Writer  
WASHINGTON (AP) — President Carter's advisers are offering little hope that consumers have seen the end to price surges such as the 1 percent increase in March.

"We can still expect months of bad news on the economy," especially on the inflation front, White House press secretary Jody Powell said Thursday after the Labor Department reported the latest rise.

The March increase — fueled by large price rises in food, fuel and housing — followed boosts of 1.2 percent in February and 0.9 percent in January. That translates to an annual inflation rate of 13 percent for the first quarter — the worst quarterly rise in 4½

years and far above the president's 7.4 percent target. Despite continuing sharp increases in prices, Powell insisted the administration will stick to its anti-inflation policies that include voluntary wage and price guidelines.

Many officials — from Federal Reserve Chairman G. William Miller to Barry Bosworth, director of the Council on Wage and Price Stability — have warned that the public needs signs soon that inflation is slowing.

Bosworth, in a recent interview with The Associated Press, said, "The next two to three months are crucial."

He explained that "if the price situation doesn't begin to improve," wage earners will abandon hope that government policies can soften the bite of inflation and start demanding ever higher wages that would only worsen the inflationary spiral.

Alfred E. Kahn, the president's anti-inflation chief, told the Congress' Joint Economic Committee on Thursday: "We still have some bad months ahead. We can win this fight if we persevere. There are no other quick fixes around."

Only last month, Kahn said, "I will regard this program as having failed if by sometime like the beginning of the summer, we don't see the inflation rate tapering."

The Commerce Department reported that gasoline rose in March by nearly 4 percent, while food, housing and transportation costs all rose a percentage point or more.

Bosworth said consumer and business activity were not as high during the first quarter of 1979 as at the end of 1978, indicating a slowing of the economy that could translate into a more modest rate of inflation.

## Mini-University To Conclude On Saturday

About 160 fourth and fifth grade students from the Calloway County school system will attend the fourth and final Mini-University session on Saturday, April 28, in the program designed to expose elementary students to career education offerings in a campus environment.

A variety of courses has been scheduled for two hours each Saturday morning for four successive weeks at Murray State University for the third year of the program to give the students an opportunity for an unusual educational experience.

Mini-University is funded by the U.S. Office of Career Education through the Career Education for the Handicapped Project of the Center for Innovation and Development (CID) at Murray State.

Courses are taught by members of the community, the university faculty, and university students. Serving as coordinators for the project this year have been Jan Roberson, Maria Zachmanoglou, and Lori DelBuono.

Johnny Bohannon, supervisor of instruction for Calloway County schools, worked with the coordinators and Dr. Doris Helge, CID director, in planning the details for the program this spring.

Students have made several field trips in conjunction with the class offerings, including visits to The Homeplace — 1850's in the Land Between The Lakes with Judy Maupin's West Kentucky history class, to an Indian mound in Calloway County with David Foley's Indian folklore class, to Paradise Kennels, the College Farm, and the Humane Society with Carol Barrett's class on pets, and to the Murray State Legal Resources Library with Steve West's class on the law and how it works.

Among other courses offered and instructors are: economics, Dr. Dan Harrison; cooking, Sally DuFord; racketball, Dr. Tom McKnight; drama, Richard Valentine; crafts, Burma Schroeder; understanding handicapped individuals, Dr. Ralph Hausman; career awareness, Dr. Allan Beane; nature observations, Dr. Alfred Wolfson; and astronomy, Bill Burnley.

### MINI-UNIVERSITY IN ACTION

Fourth and fifth grade students from the Calloway County schools are shown in three of the courses offered this spring as part of the Mini-University program of the Center for Innovation and Development at Murray State University. Observing as Lori Del Buono demonstrates racketball technique with Jim Del Buono (left) are Jay Thomas, Connie Ross, Tabitha Johnson, Barry Paschall, Billy Knight, Corey Shipwash, and Jimmy Morton. Fascinated by the telescope pointed out by Bill Burnley, (below) in his astronomy class are Darin Loftis, Jerry Williams, Eric Barrett, Allan Jones, Mark Garrison, Matthew Adkinson, Michelle Ford, Amy Allbritton, Timmy Black, Michael Clevenger, Monroe Schneider, and Randy Sons. Leon Zuniga, a dietetic technician student, makes a point (lower left) as he works with Jeanne Carroll, Alesia Covey, Renee Carroll, Julie Casas, and Angela McClard in a cooking class.

THE COMMONWEALTH OF KENTUCKY, CALLOWAY CIRCUIT COURT HOPKINSVILLE FEDERAL SAVINGS & LOAN ASSOCIATION, Plaintiff, VERSUS HARVEY J. CONWAY and wife Nanci A. Conway, ET AL Defendant.

## NOTICE OF SALE

By virtue of a judgment and order of sale of the Calloway Circuit Court rendered at the April 13 Term thereof 1979, in the above cause, and its cost therein I shall proceed to offer for sale at the Court House door in the City of Murray, Kentucky, to the highest bidder, at public auction on the 30th day of April 1979, at 1:00 O'clock P.M., or thereabout, upon a credit of Sixty Days, the following described property, to-wit: Beginning at point on the west side of Jonathan Creek where the State Highway crosses said creek, said point being on the north side of said highway at the concrete bridge across said creek; thence north with Jonathan Creek 1 1/2 rods to the old public road; thence in a southerly direction with the old public road as same now runs 80 1/2 rods to the L. U. Hale line; thence east with the L. U. Hale line 12 rods to the State Highway; thence with the State Highway in a northwesterly direction 59 rods to the beginning containing about 11 acres, more or less. EXCEPT: that portion of the above described property previously conveyed by the Grantors to Jesse J. Roberts, et ux, by deed dated May 7, 1956 and recorded in Deed Book 101, page 563 in the office of the Clerk of the Calloway County Court, and ALSO EXCEPT: that portion of the above described property conveyed by Grantors to Calloway County, Kentucky, by deed dated August 31, 1960, and recorded in Deed Book 115, page 305 in the office aforesaid.

Being real property with appurtenances thereto conveyed to Harvey J. Conway and wife, Nanci A. Conway by Scott McNabb, et ux, by deed dated September 8, 1970, of record in Microfilm Book 148, Cabinet 1, Drawer 1, Card 148, Cabinet 1, Drawer 1, Card 158, in the office of the Clerk of the Calloway County Court; the said Nanci A. Conway having obtained a deed from Harvey J. Conway of all of his right, title and interest by deed dated July 13, 1976, of record in Book 156, Cabinet 1, Drawer 8, Card 344, in the office of the Clerk of the Calloway County Court.

For the purchase price, the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

**THERE'S A LOT TO  
APPRECIATE**

How would you like an investment you can actually use 24 hours a day... an investment you can share with your family at the same time it's saving you money, providing security and growing in value?

The investment, of course, is a home of your own. When you buy a home, you're not spending your shelter dollars, you're putting them to work.

Ask your REALTOR\* how you can get the most for your money. He'll help you find the home that's right for you, your family and your finances. Talk to a REALTOR\* today. The sooner you do, the sooner you'll save.

# NBC Continues Struggle In Scheduling Programs

## NEW YORK (AP) — NBC continues its struggle to schedule attractive new programs with "Friendly Fire," a movie starring Carol Burnett as a mother trying to determine how her son died in Vietnam, finished No. 4 in the ratings and contributed to another easy victory for the network in the week's prime-time ratings race.

The week ending April 22, Nielsen Co. shows three programs, "Three's Company," "Laverne and Shirley," and "Taxi," ahead of "Friendly Fire," which was based on C.D.B. Bryan's account of an actual event.

The rating for "Friendly Fire" was 25.9, Nielsen says that means of all the homes in the country with TV, 25.9 percent saw at least part of the show.

ABC had called an end to the prime-time season the week before, though CBS and NBC, which began their 1978-79 programming a week after ABC, continued through the most recent ratings period.

The networks' declarations were about all there was to signal the end to the season; much of the programming in recent weeks had been reruns of previous episodes.

Aside from "Friendly Fire," the only new programs in the first 10 were from CBS, No. 6 "60 Minutes," and a special 10th place, "The National Collegiate Cheerleading Championships."

Two other recent offerings from NBC fared almost as poorly, "Whodunnit" in 56th place and "The Duke," 59th.
